

# Byron

Byron Primary School

## Why choose our school?

- We are a warm and welcoming school where every child is educated to reach their full potential.
- Every child is given the skills and encouragement to enjoy life and learning to the full through our high expectations, good quality teaching and stimulating learning environment.
- All members of the school community are valued, enabling everyone to work together to achieve success.
- We offer a rich, diverse environment celebrating all cultures.
- Byron children benefit from having two large playgrounds, a field, allotments, an ICT suite, a newly equipped Reception play area and a wide range of extra-curricular activities and after school clubs.
- We have strong links with Mulberry Bush, our on-site nursery, and with our own Sure Start Byron Children's Centre.
- We have full extended school status offering all year quality on site wrap around care from 8am – 6pm, Monday to Friday for children aged 2 – 11 years.
- We are achieving outstanding results. In 2008 we were top in Croydon for pupil progress and in the top 2% of schools nationally. In 2009 at Key Stage 2 we achieved 100% at Level 4 or above in Maths and 96% in Science.

## A bright future for pupils, parents and staff

Pupils

"I feel happy because of my teachers and I am very excited about going to my new class with my friends"

"Since I have started at Byron I have found Maths more enjoyable"

"Byron is a fun place to be and we learn lots of interesting things. Our teachers care for us and want to help us do our best"

"I have enjoyed doing the after school clubs and also the ballroom dancing. The teachers at Byron are nice and help us with our work"

Parents

"We are very happy with Byron's approach to schooling and its family friendly attitude"

"Byron is a very approachable and proactive primary school giving support and guidance to pupils and parents"

"So impressed by the school am I that my younger son will be joining Byron next year. I had no hesitation in putting the school down as my first and only choice. Throughout his six years at the school my older son has achieved very high standards in his school work and been involved in many extra-curricular activities he would not have been able to have experienced elsewhere"

Staff

"As well as concentrating on the children's academic achievements we put an equal importance on the children's social and emotional wellbeing"

"One of our main strengths is the ethos of teamwork and the support that exists among all of the staff"

"I believe in the work that we do at Byron and so made sure that all of my children came here and they all did very well. They were able to enjoy a wide range of valuable learning experiences, establishing long lasting friendships and look back very fondly on their time at Byron"

"As staff we are supportive and aim to be approachable and easy to talk to for both children and adults whether it is regarding school or personal matters. We work hard to make sure that all children receive the care and guidance that they need to get the best out of their education"
